Lawyer M. F. Elliott, for the Rockefeller Corporation, Denies Secret Rebate Deals with Railroads as Charged in Message.

In the face of specific instances of rebates from railroads and unfair open rates, which are so arranged as to the advantages over competitors mentioned in the Standard Oil report of Commissioner Garfield, submitted to Congress by the President to-day, the fusal of the railroads in certain cases Standard Oil Company, through counsel, practically denounces Mr. Garfield to prorate produces analogous effects.

Standard Oil Trust announces its intention to show that there has never been anything wrong in the conduct of its business.

MOTHER PRAISES CUTICURA REMEDIES

"Our baby had that dreadful coraplaint, Infantile Eczema, which afflicted him for several months, commencing at him for several months, commencing at the top of his head, and at last covering his whole body. His sufferings were untold and constant misery, in fact, there was nothing we would not have done to have given him relief. The family doctor seemed to be wholly incapable of coping with the case, and after various experiments of his, which resulted in no benefit to the child, we sent to Mazon, Ill., to a druggist and got a full set of the Cutioura Remedies and applied as per directions, and he began to improve immediately, and in about three or four days began to show a brighter spirit and really laughed, for the first time in a year. In about ninety days he was fully recovered, with the exception of a rough skin, which is gradually disappearing, and eventually
